## **NTC grants Théa the marketing rights in Western Europe for its innovative preservative-free lubricating and lenitive eye spray**

Milan, February 2, 2022 – NTC Srl, an R&D focused pharmaceutical company headquartered in Italy, with distribution partners in over 100 countries, announced today that it has entered into an exclusive agreement with Théa for NTC026, its sterile, preservative-free, lubricating and lenitive eye spray recommended for dry-eye conditions, especially in case of allergy. Théa will market the product in Western Europe.

This innovative eye care spray, certified as medical device in EU, is designed for tackling both dry eye and allergic conjunctivitis. Thanks to its ingredients, the product helps to restore and improve the tear film stability, keeping the ocular surface hydrated and lubricated; in addition, it helps to relieve symptoms of ocular irritation, and thanks to its properties, to relieve dry, irritated, and red eyes, especially in case of allergy.

*"We are very pleased to enter into this collaboration with Théa, an international leader in integrated eye care, feeding its ophthalmology portfolio with one of our innovations", **Riccardo Carbucchio, Chief Executive Officer of NTC** states. "Thanks to its innovative technology and preservative-free formulation, NTC026 ensures easy self-administration, preventing any contacts with eyes and the periocular space, thus reducing the risk of bacterial or viral infections, a very important additional feature particularly in these times of pandemic. This is a real interesting solution for millions of people suffering from pink eye."*

### **About NTC**
